REBELS APPROACH MADRID

Here and There

Editorial By ALEX. H. WASHBURN

AS THE TERM of the downtown paving improvement district in Hope nears completion there should be a public statement as to the amount of delinquencies, and suits should be filed to clean up these old accounts before payment of the final year's assessment. It is unofficially reported that about one year's payment will retire the bonds. In that event, the statement of delinquency and the necessary suits should be filed this fall to avoid the possibility of an overpayment by property owners who have met their obligations faithfully and promptly.

Alton to Observe Camp's Birthday Here Wednesday

August 26 Is First Anniversary of Local CCC Organization

IS A HALF-HOLIDAY

Visitors to Be Welcomed at Camp From 4 to 6 p. m. Wednesday

The first anniversary of the Alton CCC camp will be celebrated Wednesday with a half holiday. The camp is located six miles south of Hope on the Lewisville road.

The Alton camp was organized August 26, 1935. Since that time 275 Arkansas recruits have been enrolled.

The program includes a soft-ball game, music and a motion picture show.

Hours from 4 to 6 p. m. have been set aside for visitors. The public is invited to visit and inspect the camp.

Major G. C. Graham of Little Rock, district commander and his staff, have been extended an invitation to visit the camp.

50th Anniversary Number of Sporting News Made Available Here

The following announcement was given The Star Monday by Mrs. J. A. Henry of the Hope Library association:

"On Tuesday there will be in the Hope Library a few copies of the 50th Anniversary edition of the Sporting News, the only newspaper devoted exclusively to baseball. It tells the history of baseball of fifty years."

"Two of the important items in this issue are the history of the major leagues, by John B. Foster; and Clark Griffith's 'Fifty Years in Baseball,' with illustrations."

Two Are Fined for Traffic Violation, by Judge Lemley

Municipal Judge Cites Death List of 126 for the Week-End

GIVEN STIFF FINE

One Negro Driver Assessed \$25 for Near Accident on East Division

The nation's 126 dead in week-end automobile accidents were called to the attention of Williams Adams and Jack Green, negroes, who were fined in municipal court Monday on charges of reckless driving and violation of the city's traffic laws.

Adams was fined \$25 and costs for reckless and reckless driving. Police said that Adams narrowly averted crashing into a Mr. and Mrs. Jones of Fulton on East Division street.

Police said that Jack Green was arrested for running stop signs in downtown Hope. Green was fined \$5 and costs on a plea of guilty.

Judge W. K. Lemley warned that just such incidents of violation of traffic rules contribute heavily to the nation's automobile death rate. Judge Lemley pointed out that too much speed and no brakes caused many deaths.

He warned the negroes to slow down and never appear in court again charged with traffic violations.

Other court procedure: George Riley, disturbing the peace, plea of guilty and fined \$25. Riley was charged with using abusive language in the presence of Rosie Riley.

W. B. Bearden pleaded guilty to assault and battery charges and was fined \$5. Jim Dodson, facing the same charge, pleaded guilty and was fined \$5. Bearden and Dodson engaged in an altercation several days ago.

Foy Young pleaded guilty to assault and battery and was fined \$5 for striking Maxine Young.

M. E. Patrick was fined \$10 for drunkenness. He appealed to circuit court. Bond was fixed at \$10.

Holbert Stewart and Aubrey Gaynes forfeited \$10 cash bonds on drunkenness charges.

Arond Seaton pleaded guilty to drunkenness and was fined \$10.

B. A. Quillen drew a \$15 fine for drunkenness. It was his second offense, having been fined \$10 in June.

Charges of carrying a pistol and drunkenness against Columbus Harris were dismissed on motion of Deputy Prosecuting Attorney P. T. Staggs.

Ethel Williams, negro, wife of Dennis Williams, was fined \$5 for possession of untaxed liquor. She pleaded guilty. Officers raided her home last week and seized a quantity of moonshine whisky.

126 Die on Highway During Week-End

Liquor Scored in Connecticut—But New York Record Improves

LITTLE ROCK—Automobile accidents took a toll of at least 126 lives throughout the nation over the week-end.

A Georgia farmer and two young sisters were burned to death when their car overturned in a ditch and caught fire a few minutes after he had bought the car.

Five persons were injured critically and narrowly escaped death when their car plunged 25 feet from one level of the Manhattan bridge in New York city, barely missing the 130-foot drop to the East river.

Forty-nine persons who have driven an average of 529,000 miles each in the last 10 years without an accident or a traffic violation, winners in a national safety contest, started to New York for a four day conference.

The motor vehicle commissioner announced that during the first five months of 1936 there were twice as many accidents traceable to the influence of liquor as in the same period last year.

New York state police made special preparations to enforce a law effective September 1 making "criminal negligence in the operation of a vehicle" punishable by five years imprisonment or a \$5000 fine, or both.

Announcing a general decrease in automobile fatalities under last year New York city police said that deaths of pedestrians who ignored traffic lights were as numerous as ever.

New Governor

Petersen Succeeds Olson, Claimed by Death, as Governor

Cancer Fatal to Minnesota's Farmer-Labor Chief Executive

EDITOR, GOVERNOR

Late Swede's Successor Is Danish Emigrant and Country Editor

ST. PAUL, Minn.—(AP)—Hjalmar Petersen, Danish emigrant and country editor, was administered the oath of office as Minnesota's 23d governor Monday, succeeding Floyd B. Olson, who died Saturday night of cancer.

The late Governor Olson, who died at the Mayo clinic in Rochester, Minn., was the nation's only farmer-labor executive.

A Scandinavian who spoke Yiddish fluently, and who was the only governor of Minnesota to rebuke the state's supreme court, was a self-styled radical.

He dominated state affairs as governor for six years, starting January 1, 1931, winning three successive terms. His political creed made him thousands of bitter political foes, but many men who fought him in the political arena liked him personally and he was the only Farmer-Labor leader with whom the chiefs of other parties would deal.

In 1932 when the legislature investigated state highway contracts, the Minnesota supreme court's ruling on one phase of the case prompted Olson to "publicly rebuke" the tribunal in an address which was widely publicized.

As governor he advocated and signed laws imposing a state income tax, creating a state highway commission, establishing minimum hours and wages for state highway workers, and old-age pension plan, and a mortgage for higher taxes on concentrated wealth and utilities and an unemployment insurance plan.

He had undergone a major operation at the Mayo clinic early in 1936, ostensibly for an old ailment, ulcers of the stomach. Belief persisted that surgeons found him suffering from cancer.

The county agent's office urged that farmers list their names and number of cattle this week.

Infected cattle will be appraised, purchased by the government and shipped to the livestock market. The government pays \$25 per head for infected cattle.

Besides the \$25, farmers will receive the market value of his infected animals.

Prescott Schools to Open Sept. 14

Nevada District No. 14 to Get Under Way on the Second Monday

PRESCOTT, Ark.—All schools in the Prescott district No. 14 will open September 14 according to an announcement by Superintendent of schools, Charles A. Robinson.

The Prescott district includes all local and negro schools and the Pleasant Hill school.

The board has elected the following teachers for the 1936-1937 term: High school: Clayton Doyle, principal and mathematics; Walnut Ridge, Miss Mary Pierce, English; Mrs. Jeanette Thompson, history; Mrs. Dale Denman, Latin; Mrs. John Eagle, commercial; John Jones, science and athletic director.

Junior high school: Mrs. Tula Elliott, principal and mathematics; Miss Elizabeth Sharp, history and science; Miss Maxine Sevedge, English; Mrs. Julia Stinton, geography and reading; Mrs. R. A. Highsmith, fifth grade.

Grammar school: Mrs. L. G. Griffith, principal and second grade; Mrs. Florine Buchanan, first and second grades; Mrs. Hartwell Greeson, fourth grade and Miss Dorothy Wright, first grade.

Pleasant Hill: W. S. Roe, principal and mathematics; Miss Winnie Duke and Miss Sarah Wilson.

Indictment of 6 Rail Men Asked

LaFollette Investigator Move for U. S. Action in Washington

WASHINGTON, D. C.—(AP)—A federal indictment of six officials of the Railway Audit and Inspection Co., for failure to appear before the LaFollette labor investigating committee will be sought this week, it was learned Monday.

Officials against whom an indictment will be sought said Robert Wohlforth, committee secretary, are: W. W. Groves, president of the company; W. B. Groves, vice president; L. Douglas Rice, secretary; J. E. Blair, treasurer; R. S. Judge, director; and C. Boyer, undercover operative.

Ginnings a year ago totaled 317,039 bales.

16 Plotters Given Death Sentences

Soviet Russia to Shoot Confessed Leaders of Revolutionary Plot

MOSCOW, Russia.—(AP)—Sixteen men, accused of plotting to overthrow the Soviet government and kill Joseph Stalin were sentenced Monday to be shot.

The case against the men, charged with collaborating with Leon Trotsky, former Bolshevik leader, now in exile in Norway, in the anti-government conspiracy, went to the judges Sunday night.

The sentences can be executed any time within 72 hours after conviction. The only appeal is to the Presidium of the Central Executive Committee of the Communist party.

Hours before the verdict was announced by the presiding judge, V. V. Ulrich, the streets of Moscow presented an amazing evidence of public interest in the case in which Gregory Zinoviev and Leon Kamenoff, two distinguished Bolsheviks are among the accused.

Queues of persons extending for blocks formed at every newspaper stand, awaiting the latest word from the court room. Hundreds gathered at every radio to hear the news broadcast. Zinoviev and Kamenoff, in stirring, hour-long orations, told the court at its last session that they were ready and willing to die. They had confessed they were two of the master plotters.

The judges had adjourned court for five hours after they were given the case, to allow preparation of the verdict in Ulrich's own longhand, a requirement of the law.

116-Pound Melon Is Sent to Actor Who Remembered Hope

Guy Kibbee Drops a Line to Little Mary Wilson, and So Young Business Men's Association Ships Him a Substantial Watermelon

Guy Kibbee, movie star under contract to Warner Brothers studio of Hollywood, remembers Hope for its fine watermelons.

Mr. Kibbee said so in a recent letter received here by Miss Mary Wilson, young daughter of Mr. and Mrs. Robert Wilson of 405 South Elm street.

Miss Wilson had written to the movie star, requesting an autographed photo of himself. In reply to the letter, the movie star granted the request of Miss Wilson and recalled that he played in a stock company here many years ago.

Mr. Kibbee said that he remembered Hope for its fine watermelons.

The Young Business Men's Association of Hope, learning of the letter to Miss Wilson, has shipped a 116-pound melon to the movie star.

Here is a copy of a letter from the Young Business Men's Association to Mr. Kibbee:

"Your letter to Miss Mary Wilson of this city has been called to our attention and we were pleased to note that you remembered Hope and the fine watermelons in which we take such great pride.

"We have had much dry weather this season and our crops are not up to their usual standard or quality but nevertheless we want you to again partake of some Hope watermelon.

"It is with a great deal of pleasure that we are forwarding you by express one of our larger melons of this year's crop.

"This melon weighs 116 pounds and will not compare with the champion of last year which weighed 195 pounds, but which was grown under more favorable climatic conditions. We hope that you will enjoy it.

"We are expressing the melon to you at Los Angeles with no further address and you may have the Express company deliver it to you at any address you desire.

"Yours very respectfully,
"Young Business Men's Association of Hope, Ark."

Band Concert at Park on Monday

Two-Hour Program in Fair Park Will Begin at 7:45 o'Clock

The junior and senior classes of the Hope Boys band will be presented in a two-hour concert at 7:45 p. m. Monday at the band stand in Fair Park.

The public is invited. There will be no admission charge.

Monday night will be the first public appearance of the junior class which has practiced daily throughout the summer.

Membership of the two classes total about 65. Band Director L. E. Crumpler will be here to direct the concert.

Critical Situation Arises in Austria

Nazis and Antis Reported at Grips—Troops Are Called Out

VIENNA, Austria.—(AP)—Vienna seethed Monday with reports, some of them well established, that police and Chancellor Schuschnigg's semi-military organization, the Catholic Storm Troops, had been ordered to maintain a state of alarm.

Adding to the tension was the transfer of 200 soldiers through the inner city to the district containing the government buildings.

The immediate reasons for the reported move were not apparent, although it was rumored that a putsch was feared by anti-Nazi elements.

Anti-Bolshevist League
VIENNA, Austria.—(AP)—Proposals for a conference leading to a tripartite anti-bolshevist front to include Germany, Austria and Hungary have been accepted by Chancellor Adolf Hitler, it was disclosed Sunday night.

The suggestion was brought to Hitler by Admiral Nicholas Horthy, Hungarian regent, who proposed a meeting between Chancellor Kurt Schuschnigg of Austria, a Hungarian leader and Hitler. It was learned that a member of Admiral Horthy's entourage that the meeting would cover the mid-European situation and would be held in September. Hitler welcomed the conference idea, it was said.

Republic Officials Move Belongings to Valencia Port

Official Baggage Sent to Seacoast, Indicating Flight Soon

ADVANCE ON SOUTH

Fascist Armies Bearing Up on Capital to End Long Civil War

MADRID, Spain.—(Uncensored dispatch, copyrighted by Associated Press)—Seemingly reliable reports said Monday that President Manuel Azana had sent truckloads of baggage to the port of Valencia amid government fears concerning the southern rebel advance on Madrid.

Government leaders feared that the rebels from Badajoz, in the west, would reach Madrid by way of the Tago river valley and Toledo.

At the same time officials were described as increasingly apprehensive lest anarchist militiamen seize the Madrid jail and kill some 2,000 rightists. The militiamen had been told that the Fascist rebels had slaughtered their comrades en masse in several cities, and fears were expressed that savage war reprisals might break out.

To Reimburse America
WASHINGTON.—(AP)—The Spanish government Monday formally obligated itself to reimburse American property holders whose property may be seized during the civil strife in Spain.

Germany to Embargo Arms
BERLIN, Germany.—(Copyright Associated Press)—Nazi Germany agreed Monday to declare an immediate embargo on arms shipments to Spain.

However, the Wilhelmstrasse pointed out that the embargo, which also embraced airplane, shipments, didn't settle Germany's dispute with the Socialist Madrid government.

French official headquarters hailed the German action as virtually completing an international neutrality pact by France, Great Britain, Italy and Germany.

Home From the "Dead"
PAMPLONA, Spain.—(Copyright Associated Press)—Paolina Uzuendun, Basque heavyweight fighter, trudged 50 miles through the woods and over the mountains to "return from the dead" Monday.

The woodchopper denounced as Communist propaganda reports of his death given out by the People's Front forces at San Sebastian.

Madrid Bombarded
LISBON, Portugal.—(AP)—The newspaper Seculo, in a dispatch Monday from Valladolid, Spain, said rebel bombers heavily bombed Madrid, destroying hangars and many government planes.

The Havas News Agency reported from Madrid the government denied a bombardment occurred.

The Seculo dispatch said that rebel bombs struck the Getafe and Cuatro Vientos airports. It added that 21 planes flew over the Spanish capital for a long time before the attack, causing a panic although the planes did not drop bombs.

The pilots who made the attack were said to have expressed surprise on their return to Valladolid that they encountered no resistance over Madrid.

Reports from Seville correspondents of Lisbon newspapers said Spanish rebels had bombed Madrid Saturday, heavily damaging government barracks.

(Dispatches from Madrid received in New York by the Associated Press Sunday notwithstanding the usual rigid Spanish censorship mentioned no bombing of the capital. The London office of the Associated Press indicated, however, the Madrid censor had prevented a statement being sent regarding the reports.)

Turned Brown

By Brown Turner

NASHVILLE, Tenn.—(Special)—With the Spaniards squared off slaughtering one another and the rest of Europe trying to make up their minds which side to get mad at, looks like all that's necessary now for a good old-fashioned free-for-all for the United States to put up the cash, and President Roosevelt's again that.

With all sorts of business picking up here and there, jewelry stores around here report a lot of people trying to trade in their wrist watches on alarm clocks. Begins to look like Jim Brad-dock's not as mad at Max Schmeling as he ought to be.

You get stung when you believe the wrong man's honeyed words.

If We Had But a Day
We should fill the hours with the
sweetest things.
If we had but a day;
We should drink alone at the purest
springs
In our upward way;
We should love with a lifetime's
love in an hour.
If the hours were few,
We should rest, not for dreams, but
for fresher power
To be and do.
We should guide our wayward or
weary will;
By the clearest light;
We should keep our eyes on the
heavenly hills
If they lay in sight.
We should waste no moments in weak
regret.
If the day were but one;
If what we remember, and what we
forget
Went out with the sun;
We should be from our clamorous
solace set free
To work or to pray;
And to be what the Father would
have us to be.
If we had but a day . . . Selected.

CLUB NOTES

BRIGHT STAR
The Bright Star home demonstra-
tion club met Monday August 17th
with Mrs. Ben Arnold. Six members
and two visitors were present. The
house was called to order by the pres-
ident Mrs. C. E. Boyce. The devotional
was led by Mrs. Otis McKnight read-
ing Luke 9th chapter 1st to 18th ver-
ses. All reported the Lord's Prayer
in unison. Miss Velma Alford gave
some suggestions on picnic lunches.
The demonstration was a well appoint-
ed table and table etiquette and was
very interesting to all present.

The next meeting will be with Mrs.
W. G. Dudley on September 21. The
song will be "School Days."

Mrs. C. E. Boyce will be devotional
leader and Mrs. A. L. Caudle, recrea-
tional leader. After the business meet-
ing the hostess served delicious cake
and ice cream.

Barksdale Beaten by Locals, 4 to 2

Carroll Schooley Stars at
Bat With Triple, Double
and Single

The Williams Lumber company
baseball team bunched hits in the first
and sixth innings Sunday to take a
4-to-2 decision from the Barksdale
Flyers of Shreveport. The game was
played at Fair park.

Carroll Schooley was the offensive
star with a triple, double and single.
His brother, Vernon, got a double and
a single.

The visitors got to Ted Womble for
11 safeties, but he kept them scattered
and was effective in the pinches.
He pulled out of several holes and did
not allow a run after the first inning
when both teams scored two each.

Ray McDowell, scheduled to pitch,
developed a sore arm before the game
and remained on the sidelines.

The Lumberjacks play a double-
header at Fair park next Sunday
against the Okay Cementers.

Filipino President on Good Terms With Solons

MANILA, P. I.—(AP)—Members of
the Philippine National Assembly find it
comparatively easy to reach the chief
executive, President Manuel L. Que-
zon.

After the executive moved into
Malacanang Palace, former home of

the ground floor remodeled. He then
announced that this section of the
palace would be a sort of club for the
assemblymen and declared that he ex-
pected to meet all the law makers
there frequently.

WITH THE LADIES

When mothers lean out of the win-
dows of troop trains to kiss their
children goodbye—
When husband and wife match score
in shooting down the enemy—
When stenographers put their fingers
on triggers instead of typewriters—
When women go to war, war will
cease!

It is appalling to consider the possi-
bility of a war in which women fight
side by side with their sons, husbands
and fathers. One thing sure.

If ever such a world-wide war
comes—and there are those who are
contending that it will—it will be the
last war in the history of humankind.
When man has seen woman drenched
in the gore of battle, he will revolt.
When woman has participated in the
experiences which she now shares only
vacuously, she will work unceasingly
that there may be peace on earth,
good will among men.

Women have never borne arms in a
democracy. It is in Communistic Rus-
sia and radical Spain that women have
set out to kill and maim in order to
uphold their principles. That strange
batallion, which swept over the north-
ern steppes when the Czar was be-
headed, startled the world. Russia
didn't stop. She announced that there
were places in her ranks for women.
War, to her, is not an exclusive af-
fair. There were guns for ladies.

Now, in Spain the women are grab-
bing swords or guns, and fighting as
valiantly as the men.

Chivalry Would Make Men Stop
War is not a woman's game. How-
ever, if she makes it her own for a
little while, she may come to such
an increased understanding of its hor-
rors that she will successfully forbid
men from turning the countryside into
a bedlam of musketry, blowing up
cities and decimating the population.

We are prone to believe because the
women of America are opposing war,
that women of the world join us in
our petition for peace. Women of many
lands do. Some women of all lands
stand with us. Not all thought. Where
people battle for new government, we
hear the rat-tat-tat of the guns which
women operate.

Chivalry is not dead, though the
winding horn no longer calls the
knights to Camelot. Protection of
womanhood is instinctive with men,
though it was long, long ago that the
last warrior rode out to protect a
lady in distress. When a boy sees the
plane which his mother pilots crash
above the battlefield; when a man sees
his wife shot before his eyes and his
sister disappear as a great bomb makes
a yawning crater in the earth; when
he sees these things he will decide that
war must end.

It is a horrible picture. The majority
of women do not want to fight, of
course. They would refuse, you may
say they would—but there are no legal
machines that are more powerful than
any mother of seven sons. There are
some countries—Russia and Spain—
where women take up arms of their
own accord.

If womanhood his refuse to answer
the roll call you say? Then men prob-
ably would keep on fighting pretty
much as they are doing today. If
womanhood shouldered their guns at
inspection—horrible as the prophesy is
—men would stop their carnage for-
ever.

Soil Conservation Saves Reservoirs

Excessive Silting Ruins
Capacity of Power, Irri-
gation Dams

Water and power reservoirs in many
parts of the country, representing sev-
eral billions of dollars in investments,
are being endangered by excessive
silting, according to the Soil Con-
servation Service, in a new bulletin,
"Silt-ing of Reservoirs," just issued
by the Department of Agriculture.
Cleaning a reservoir, the bulletin em-
phasizes, is usually too expensive and
the only way out is to stop erosion
and keep out the mud.

The problem of protecting these res-
ervoirs from destructive silting goes
hand in hand with the problem of sav-
ing farm and range lands from ruin
by uncontrolled soil erosion, accord-
ing to Henry M. Eakin, in charge of
Sedimentation and Hydraulic Studies
for the Soil Conservation Service, au-
thor of the bulletin.

The main reliance for permanent
conservation of reservoir resources, he
says, must be found in the control of
silt production at its primary sources
—in the fields, pastures and watershed
area behind the reservoir. This can
be done, according to Eakin, by more
widespread and effective application

of established erosion control methods.
Information presented in the new
bulletin is based upon studies of 25
reservoirs throughout the country, and
represents the beginning of the first
nationwide survey of this kind. Stud-
ies will be made of additional reser-
voirs, to find out how silting can be
reduced.

Mr. Eakin points out that although
certain supplementary practices of de-
bris disposal may be employed to
guard reservoir storage capacity
against silting, they are generally sub-
ject to prohibitive difficulties and lim-
itations. He also states that hydraulic
dredging and the mechanical removal
of silt from reservoirs would generally
cost from 5 to 50 times as much as the
original investment.

"Silt-ing of Reservoirs" is Technical
Bulletin 524. Copies may be obtained
from the Superintendent of Docu-
ments, Washington, D. C., at 40 cents
each.

lost his job, and, when neighbors ad-
mired his wife's geraniums, conceived
the idea of selling potted plants.

3 Women to Fly in Bendix Derby

Earhart, Ingalls and Coch-
ran Are Entered in
September Races

LOS ANGELES—(AP)—Three women
veterans of the skyways are turning
up their planes to compete with the
country's outstanding men flyers in
a transcontinental air race from New
York to Los Angeles.

The race, for the Bendix trophy,
headlines the four-day program of
speed events planned for the national
air races here September 4-7.

Amelia Earhart, who has twice flown
the Atlantic and last year made a solo
hop from Hawaii to California, will
pilot her new "flying laboratory" a
Lockheed Electra transport type plane
with a cruising radius of more than
4500 miles and a speed of 215 miles
per hour at 10,000 feet.

Speed Mark Threatened
Laura Ingalls, first woman to fly
non-stop from New York to Los An-
geles and holder of the west-east
women's transcontinental record of 13
hours 34 minutes 5 seconds will fly
her black, low-winged Lockheed mono-
plane, which has a top speed of 240
miles an hour.

Jacqueline Cochran, wife of Lloyd

B. Odum, New York financier, and
the only woman in last year's Bendix
race, has entered with her Northrup
Gamma monoplane with special en-
gine in which Howard Hughes set a
west-east transcontinental mark of 9
hours 27 minutes 10 seconds.

The east west transcontinental re-
cord is threatened this year by the
Bendix race in which entrants include
Col. Roscoe Turner, holder of the pre-
sent mark of 11 hours 30 minutes. An-
other is Ben O. Howard, Chicago trans-
port pilot, who nosed out Turner in
last year's Bendix race from Cleve-
land to Los Angeles by 23 seconds.

Ruth Chatterton Offers Trophy
As many women as men are ex-
pected to enter the Ruth Chatterton
sportsman pilots' air derby, another
national air races event. Miss Chat-
terton herself will fly the plane.

ship and emphasizes that safe, ac-
rate flying will count more than speed.
The derby will begin from Cleve-
land August 26 and end at San Fran-
cisco September 2. Tentative stops: Cin-
cinnati, Nashville, Memphis, El Paso,
Douglas, Tucson and Yuma.

In addition women flyers will have
one event of their own in the national
air races—a 25-mile race with a speed
of 100 miles an hour necessary to
qualify, for which Miss Earhart offers
the trophy.

Beer glasses should never be washed
in soapy water, according to "bar-
etiquette." They should be dipped in
very hot water, then in cold, and beer
should never be drawn in a dry glass.

Chesterfield Wins

...for uniformity

Why does every Chesterfield have the same taste
... the same pleasing flavor and mildness.

Because we draw on not just one year's tobacco
crop but crops of several different years to make
sure that Chesterfield's quality never varies.

Every Chesterfield tastes just like every other
Chesterfield—mild, not strong; always with a pleas-
ing taste and aroma.

Chesterfields win because
they're always the same...
